### Why Santa Fe Warehouse:

Santa Fe Warehouse is a well established southern California based company that grew out of the warehouse and transportation industry with decades of warehouse and logistics experience.

Since inception we have continuously risen to the challenges of our clients, while establishing an outstanding reputation as a best in class full service fulfillment, warehouse and distribution provider.

Our relationship begins with a complete understanding of your needs and expectations. Available to you are a full range of value added services so that you can custom tailor any outsourcing program that will provide you with exactly what you need, when you need it.

With such a wide variety of services, our dedicated staff and experienced management team is capable of meeting any request you or your customers may have. As your supply chain management provider, we service all club and chain stores, local retailers and full e-commerce B2B and B2C.

### Our Mission:

At Santa Fe Warehouse, our goal is to assist you to increase your supply chain visibility and reduce risk and costs while providing the most expert hands-on attention to detail and a superior customer service experience so that our clients can establish lasting relationships with their customers.
